

In an effort to keep market members, and guests as safe as possible PFM is implementing the following safety protocols.

**All customers are expected to comply with PFM's safety rules in order to enter the market space, including mandatory mask requirements.**

In accordance with CDC guidance and the VA Health Department, PFM requires all members and guests to wear a face mask or covering without exception. Members or guests unwilling or unable to wear a mask will not be allowed to enter the market. Those with medical conditions will be offered alternative accommodations *whenever feasible*. Children under the age of five are exempt from wearing a mask.

Under the Americans with Disabilities Act, a private business must consider reasonable modifications to their facemask policy in order to accommodate individuals with a disability. However, the business *is not* required to allow an individual or member with a disability to enter if it poses a direct threat to the health or safety of others. As such, we reserve the right to deny entry to any individual refusing to wear a facemask for any reason. We will, however, do our best to provide you with reasonable accommodations such as pre-order/pickup whenever possible. Our ability to offer reasonable accommodations may vary by market member.
